Technical Skills

Programming Languages: C, Java, Python

Web Technologies: HTML, CSS, JavaScript, React

Database: MySQL

Tools & Platforms: GitHub, VS Code

Operating Systems: Windows, Linux

Soft Skills

- Problem Solving
 - Communication
 - Team Collaboration
 - Time Management
-

Projects

1. Certification Hub

Project Description

- Developed a Certification Management Web Application to store and display personal certifications in a structured format.
- Built the frontend using HTML, CSS, and JavaScript with a responsive and user-friendly interface.
- Designed a profile section to manage certification details, including title, issuing organization, and certification links.

2. Personal Portfolio Website

Project Description

- Designed and developed a personal portfolio website to showcase projects, skills, and certifications.
 - Implemented responsive web design to ensure compatibility across desktop, tablet, and mobile devices.
 - Deployed the website using GitHub Pages with version control through Git.
-

Certifications

Frontend Development with HTML5 & CSS3 – TASK Workshop

Artificial Intelligence Fundamentals – IBM Online Platform

Strengths

- Quick learner with strong adaptability
 - Self-motivated and proactive attitude
 - Analytical thinking and problem-solving ability
-

Weaknesses

- Seeking continuous improvement
- Overly detail-oriented
- Taking on multiple tasks at once
